STILL HERE AFTER ALL THESE FUCKIN YEARS! WHERE DID YOU GO?

Oi you! Times are changing and the smiles are rare nowadays. Everybody seems to forget about their passions from different reasons. We all work, we all have different visions now and different jobs, but the passion should be the same. Is hard to stay in touch now with some bands, is even harder to check the internet for new albums and new bands, but when i have some free time i come back to my first love: this music. 11 years and i am still playing with this fanzine, and i am doing it for me in the first place and for those 5 people close to me, but always with a smile on my face when i am doing it. People have changed along time, i did change as well, but i will never forget the memories, i will never forget my city, the long roads to concerts and the old gang. We all grew up and forget the feeling inside. That feeling is love. Is love for this music and for the people, is love for the simple things...always. With passion in my heart still going stronger, still here with a big smile and a lot of love for this music. Until next time, always stay yourself and don't forget your roots!, don't forget the struggle and don't forget the streets! CTHC-one love!

THE PINWHEELS

They are like a fresh air in the Romanian alternative scene. If you are tired of hipsters and cool kids playing then you need to keep these guys (and girl) on the loop for sure. The band first material is named: *Liquid Tales*. It will take you a bit on the old No Doubt and newer The Interrupters with a little bit from everything, from melodic punk-rock to a bit of ska. Catchy themes, harmony and beers from Freddy, the bartender.

Lyrics are about day by day problems, irony and everything packed in a dancing beat.

We recommend for the Saturday autumn nights the song: *Memories*.

PS. really cool version for the song: *I Love Chaos*

promo band

Mirceone (MPTY ZINE): Hi guys, what's up?

Chad: Just enjoying life, making music, making beer, and of course drinking beer

Congrats for the album, is really nice and so deep. Tell me few things about it.

Alvy: Its an album about regret. Its about wishing things were different and struggling with the decisions that were made and then ultimately making peace with those decisions. I am not sure I ever look to mask a lyric with deep underlying meaning except to keep it universal... meaning the names are changed, and the experiences are sometimes combined, but honesty is very important.

Chad: Nine of the songs were written by Alvy, one was collaboration between Alvy and Chris, and one was by Chris. Typically Alvy and I work on the songs till it's something that feels like a Rusty Nail song and then we work on a full band arrangement. This is how the songs were written for this album. We recorded at my studio for the most part and I did the mixing, the final mastering was done by Brad Sarno who is lives in St Louis.

Also for our few readers;) tell us a short bio

Chad: Born in the winter of 2005, Rusty Nail is a 7 piece band that plays Celtic infused Rock songs, inspired by such acts as The Pogues, The Tossers and Flogging Molly. With the strong Irish history in many of St. Louis' neighborhoods on the city's South Side, Celtic folk music has a rich tradition and a welcome place in our great city. Gaining the love and encouragement of our town, we have crafted our sound by playing a healthy mix of these traditional songs as well as a strong repertoire of our own original music. We began this experiment in the various pubs and festivals of metro St. Louis and built a solid reputation as an entertaining and energetic live music experience and a true-to-form Irish bar band. Rusty Nail takes its name from an Old-Timey beverage made with Whiskey and Drambuie Liqueur. We feel that we are a potent blend of traditional and hard rock elements that works well at any party, club or booze-fueled festivity! In 2011 we released our first "FULL BAND" album, containing many of our original and live show favorites. The record "Boozers, Bastards, and Bards" garnered great local reviews and bore us many new friends and supporters. While we are inspired by these traditional sounds, we aim to put our own spin on Folk Rock. We like to think if Shane McGowan or Liam Clancy grew up listening to Nirvana, they would create music that sounds like Rusty Nail!

Chad: Born in the winter of 2005, Rusty Nail is a 7 piece band So whether it is St. Pat's and you are looking for a soundtrack for your revelry, or it is the dead of winter and you need a spot of whiskey and a jig to warm you, in Rusty Nail you will always find a great time!

Rusty Nail is:

Alvan Caby – Mandolin, Guitar, Vocals
Chad Ross – Dulcimer, Accordion, Banjo, Guitar, Bouzouki
Chris Otto – Tin Whistle, Native American Flute
Dennis Frentzel – Drums
Kelly LaRussa – Violin
Mark Hochberg - Bass
Pete McAvity – Electric Guitar

Who influenced you across the years?

Chad: As far as celtic music, I used to go local bar that this guy John would play all these Traditional Irish beer drinking along with some punk and 80's stuff. The regulars would often sign along and make allot noise. So, I thought it would be great to learn those songs and posted an add looking for people wanting to play celtic music. Alvy contacted me and that was the start of Rusty Nail.

Speaking of influences, please name a top 10 of you all time favorites bands

Alvy: Black Sabbath, Bob Dylan, The Pogues, Dropkick Murphys, The Beatles, The Cure, Flogging Molly, Van Morrison, Dinosaur Jr., Iron Maiden.

Chad: Robert Pollard/Guided By Voices, Dinosaur Jr, Uncle Tupelo, Warren Zevon, Pougues, Dropkick Murphy's, Bob Mould/Husker Du, Black Sabbath, Ramones, Bob Dylan

How the album will be promoted? You guys will start a tour? A video?

Alvy: We are interested in playing some out-of-town shows in the coming months.

Tell us few words about your message, i did notice sad lyrics but in the same time this is an optimistic album..

Alvy: I don't think we have a "message" per SE. I took a more honest and personal approach to writing lyrics for these songs. I stopped trying to create a story that was funny or fake and I wrote about my personal struggles. I went through a divorce, I had some personal crisis, I hated my job at the time, I was pretty miserable. The writing has always been a sort-of therapy for me, and perhaps the songs reflect more of the struggle than the success. I appreciate that you see the optimism in them. I certainly feel optimistic about the future. Maybe our next record will be all happy songs.

If you will have to choose a band for a split cd, who it will be and why

Alvy: I don't know, maybe Taylor Swift.

What the future holds for the band?

Alvy: As long as we still enjoy doing it, we keep writing new material, playing as much as life allows and make as many new friends along the way that we can.

What else you guys are doing beside Rusty Nail?

Alvy: Some of us have other musical projects ranging from Bluegrass to Hard Rock.

A few words for our readers in Romania? Btw no google, what do you know about Eastern Europe? Romania?

Alvy: That is where Dracula is from right? My great Grandparents were actually from Romania. Its a beautiful country, rich in culture and art, and that landscape is (in my opinion) some of the the most gorgeous sights on the planet. Maybe someday we can come to Bucharest and play our little songs!

Where people can buy your music?

Chad: CD Baby, Bandcamp, Amazon, Emusic, etc.

Mirceone vs. Rusty Nail - November 2016

Bitter Ale, Bitter Heart is the new album from Rusty Nail, is all about feelings and one of the best albums from the St. Louis band. They are play a celtic-folk with a little bit of punk influences and a lot of drinks. The album is a personal and sad one but in the same time they have the sound of hope and optimism.

The album has 11 tracks, just perfect to listen with a cold rum on the rocks, is a honest album and you can see that the guys invested a lot of feelings in it. About the band i can tell you that they are playing togheter for more than 10 years already and if you like Dropkick Murphys, Flogging Molly, Tossers, The Pogues than for sure you need to give them credit.

Also this album drive me close to Speed Of Darkness, the album from 2011 of Flogging Molly. Is an album that will trasport you somewhere where is cold but as well will give you enough strength to move on with a smile. Just great.

Mandolin, violin, banjo, accordion, irish

whistle, flute, drums, bass, guitar, feelings, friendship, optimism and all the friends with a rum togheter.

Thanks to Chad and Rusty Nail

SCANDAL are one of the few punk bands in Romania that are still alive and kickin'. For sure you remember songs like "Patrula" or "Bauta", these were anthems for all of us on our way to gigs around the country. The same feeling about friendship, about freedom and not giving a shit, all packed in punk rock attitude. They have "released" in a scene almost inexistent in Romania two materials one in 2001- Live In Beci and in 2003-Resturi Din Punkomat. After a break when Vlad and Gabi moved to UK, they have released a DIY on PSP Records a 5 songs EP: Back In Town. The EP is all in English and now of course they can conquire the world with this. The sound is street-punk and is again all about being yourself, about having a beer and having a laugh, about friends and pubs. If you are into bands like Evil Conduct, Control, Booze and Glory for sure you need to check them out. It was a huge surprise for me to see them back in business and (back in town) for sure is something to look for. Also we are waiting for a full album soon! Streetpunk made in Romania is still alive and kickin' (or i like to believe so, and is a good damn reason for the other bands that once were around to follow them and stop beeing lazy). Oh yes do not forget to check them on facebook@scandalstreetpunk and scandalstreetpunk.bandcamp.com

THE BOMBPOPS

are the new band signed with FAT, they were touring with the FAT crew on the road for some time and as well they were the opening act for various FAT bands. Their sound is a pop-punk very catchy, and they are preparing the debut full length for February 2017. Fat Mike declared that he saw them live, really cool people but no way to sign them with FAT, couple of years pass by and they have send a new demo to Fat Mike and "i guess bands can get better" and the rest is history.

EXCLUSIVE MINI INTERVIEW IN ROMANIAN

SCANDAL

FINEST STREET PUNK IN ROMANIA

Mirceone (MptyZine): Salut Vlad, care e treaba?

Vlad (Scandal): Salut Mircea, totul ok, la refacere dupa sarbatorile de iarna:)

Scandal are back in town, cum, de ce si ce planuri?

Da..We are Back in Town, pentru ca trebuia. In sfarsit am reusit sa facem cumva sa fim toti aproape si sa continuam sa facem muzica care ne place. Incercam sa facem ce nu prea am facut pana acum si anume sa scoatem albume profi ,pe CDsi vinyl , si sa cantam live cat mai mult in UK, si peste tot unde se poate.

Aveti un material nou, ce faceti mai departe?

Da avem un material nou ,e un Cd/EP "Back in Town" produs de noi in Uk si scos in oct 2016. Contine 6 piese noi in engleza. De fapt este un demo ,piesele urmand a fi reinregistrate in primavara 2017 impreuna cu alte piese noi si scoase pe un full album pana in vara 2017.

Va promit un sunet deosebit cu aceeasi atitudine streetpunk :)

Tot intreb "ce faceti", spune mi te rog cine este Scandal acum?

Scandal este Gabi (voce /chit) ,Gigi (drums-a cantat cu noi in ultimii ani inaintede pauza, a cantat si cu Mohawks) ,Andreeas Madway (chitara,voce este noul membru al trupei ,este din Grecia si de-a lungul timpului a cantat cu Madway, Omixlh si alte trupe punk oi din Grecia) si Vlad la Bass.

Stiu ca esti full time tattoo artist, cum merge treaba cu salonul in UK, ce planuride viitor ai cu trupa, salon?

Da sunt tatuator la Old LondonRoadTattoos in Kingston/London ..lucrez aici de mai bine de 4 ani si treaba e foarte ok. Pe viitor...trupa ramane parte din familie..trebuie doar sa o indreptam pe calea cea buna ,cum se zice:)

Cat s a schimbat lumea aia putina underground in Romania de cand ai plecat?

Din pacate nu am prea multe sa iti zic ...desi as vrea sa iti zic ca lucrurile par mai bune...de fapt nu prea vad sa se intample ceva in undergroundul,romanesc.Cel putin pe felia streetpunk/Oi...nu vad sa se intample nimic deocamdata. Multa lume a plecat...multi din cei care au ramas...s-au saturat de punk si s-au facut corporatisti :) iar cei putin care au ramas...nu au cu cine..si tot asa..e ca un cerc vicios...Totusi mai aud de incercari,mai sunt mici grupulete care incearca sa faca cate un concert.. sunt optimist..si cred ca o sa se schimbe treaba in urmatorii ani... depinde si de noi si cum sprijinim noile "valuri" de punkisti care or sa vina...daca or sa mai vina :)

Ce mai face Patrula?

Anumite lucruri nu se schimba...

Ce concerte faine ai prins in UK, sufera putin de tine?)

Multe...mergem cam la tot ce putem vedea in functie de timp...incerc sa vad trupe vechi punk pe care nu as fi crezut ca o sa le vad..multe s-au reunit si fac show-uri tari..Buzzcocks,Vibrators,Vicesquad... Peter...sunt multe trupe care o ard foarte bine acum dupa 30-35 de ani de activitate. Sunt foarte bucurosi ca am reusit sa vad Evil Conduct inainte de desfiintare. In rest mergem la concertele facute de AlwaysOnTheWrongSide.... (Perkele,BoozeandGlory,SeasideRebels,LionsLaw etc) concerte foarte tari ,sold out si cu o atmosfera foarte misto. De asemeni peste drum de studioul unde lucrez avem TheFightingCocks un pub/venue foarte tare unde vin o gramada de trupe tari si unde ne imbatam grav.

Fa mi te rog un top10 all time bands ale tale

Cea mai grea intrebare...nu am cum sa raspund :)

Eu de obicei intreb trupele daca au auzit de Romania, nu este cazul aici haha. Spune mi totusi unde suntem ca si miscare in comparatie cu UK, macar ne am mai miscat putin?

Ti-am zis putin mai sus despre ce cred despre Romania...nu putem sa ne comparam cu UK...avem alta istorie,alte idei si alt mod de a face lucrurile.Gandeste-te ca Romania a fost cam singura tara din Europa fara miscare punkrock pana in anii 90 ...si acum suntem cam ultimii ,nu sunt labeluri independente, case de discuri, fanzine,nu mai sunt colective, grupuri...sau daca sunt ,sunt prea putine...deci cam varza..noi ca si trupa o sa incercam sa facem tot posibilul sa mai facem cate ceva si in Ro.La vara vrem sa facem un concert Scandal in care sa adunam mai multe trupe punk ,ska si hc in Bucuresti ,speram sa adunam multa lume. Scena de la noi trebuie unita, punk,ska,hc...in Romania nu merge pe categorii...cum e pe afara..doar concerte oi..sau doar crust sau ska...scena trebuie reunita..cum era prin anii 2000.. doar asa se mai poate vorbi de o "miscare"

Te mai ocupi de concerte in Craiova sau prin tara? Ceva frumos vedem toamna/iarna asta?

Nu m-am mai ocupat de concerte in Romania, e greu de la distanta.Totusi e posibil un mini turneu Jenny Woo si Derkovbois in luna Mai. Sa vedem daca iese ceva.

Pentru cei 5 oameni care citesc chestia asta, lasa un mesaj de incurajare te rog.

Sper ca cei 5 oameni sa fie macar 500 :)

Mersi mult pentru timpul acordat, te las sa suferi cum vrei

Mersi pentru intrebari,multumim prietenilor pentru sprijin si fiti cu ochii pe Scandal..!!!

WITH SONGS LIKE TAKE IT BACK OR DULL THE PAIN AND OF COURSE ALL OF THE REST ARE PACKED WITH HARD SOUND AND SMART LYRICS. THIS IS OI! STREET-PUNK AT THE FINEST. AND OF COURSE THEY HAVE GUESTS LIKE AL BARR FROM DROPKICK MURPHYS AND AIMEE FROM THE INTERRUPTERS. THIS IS SING ALONG WITH YOUR FRIENDS AND KEEP IT UP ALL REAL AND STRONG.
